Subject: [External] Proposed Dominion Rate Increase AGAIN!!!

To Whom it May Concern:

I am asking the rate increase be denied. The customer is always taking the hit and I for one am tired of it. I am paying \$186 per month and that's on budget billing. I was hoping to get it lower but it seems no matter what is done the amount probably won't go down. Since Dominion took over they have not kept their word to the customers. That didn't surprise me as I really did not expect them to. They took away the convenience of being able to pay our bill at a drive thru window at one of the offices by closing all the offices in Columbia. With less employees to pay why would they need rate hikes? I would think that savings alone would be good for 10 plus years or more.

Again, do not approve the rate hike. I know that I am not the only customer that feels this way.

Thank you for your consideration.
